

Assessment.Data.Analytics.Management

ADAM was designed by clinical providers and developed by software experts to support both youth and the professionals who work with them!

Validated screening tools, designed to engage youth

Evidence-based brief interventions

Here are some ways to help you begin to feel more like yourself:

- 1) Talk with a mental health care professional.
- 2) Exercise regularly.
- 3) Journal to help you express your feelings.
- 4) Talk with a trusted adult or friend.
- 5) Go out and do activities you enjoy.
- 6) Sometimes medications are needed to help you feel better.

ADAM does it all!

- ✓ Youth screening and risk reduction coaching
- ✓ Provider actions capture
- ✓ Data integration and management
- ✓ Referral support and tracking (optional linkages with 211)
- ✓ Real-time program evaluation snap shots
- ✓ Fully customizable to your needs

ADAM is a partnership between [HNC Virtual Solutions](#) and [Possibilities for Change](#).
